Architecture

"The mother art is architecture. Without an architecture of our own we have no soul of our own civilization."

WELCOME TO KKA!

Khubeeb Khan Architects (Pvt) Ltd is multiple Awards winning firm based in Islamabad, providing state of the art solutions in Architecture, Interiors, Engineering and Project Management.

We believe that every project benefits from a process involving client, architect, builder and other allied professionals working together as a team; and projects are made successful through collaboration of each participant. Based on this idea we formed an in house team of professionals & engineers to carry out construction works in direct coordination with design team. Through this experience the firm has developed a sophisticated and thorough approach towards design, management, technical development and construction documentation.
